Educational Support Services Online Tutoring Overview

Central Council of the Tlingit and Haida Indian Tribes of Alaska (Central Council) in partnership with the Juneau School District Indian Studies Program, Juneau Johnson O'Malley program, Sealaska Corporation, Goldbelt Inc., and Alaska Native Brotherhood and Sisterhood Camp 70, is pleased to offer online tutoring scholarships for tribal students. Scholarships cover the cost of online mathematics subscriptions for 3rd – 12th grade, and licenses and materials for ACT (American College Testing) and SAT (Scholastic Aptitude Test) preparation. Scholarships are available on a first-come, first-serve basis and contingent upon funding.

ALEKS (www.aleks.com) is a mathematics program that uses artificial intelligence and adaptive questioning to assess a student's knowledge and delivers individualized instruction on the exact topics a student is most ready to learn.

The online mathematics tutorial programs are self-explanatory systems that offer continual assessment, individualized learning paths, and immediate feedback to encourage students as they progress, allowing students to master foundational concepts before moving on to the next. Up to date progress reports are also available to parents and teachers. Online support is provided and study sessions and program demonstrations will be scheduled to offer assistance to students, parents, teachers, and administrators. The programs currently being offered are 5-month subscriptions for third – twelfth grade, and advanced level courses.

Green Test Prep (www.greentestprep.com) is a self-guided, step-by-step SAT and ACT prep system that improves its average student's scores by over 346 points on the SAT and 4.66 points on the ACT.

Green Test Prep offers comprehensive online prep systems for the new SAT and ACT. The license provides unlimited, never-expiring access to proven curriculum, strategies, and tactics for SAT and ACT math, reading, writing, English, science, and essay sections. Green Test Prep incorporates supplementary problems to hone skills, and real practice ACTs and SATs to track progress and improve test-taking abilities. The system is web-based, accessible through any web-browser and available from any internet connected device. Green Test Prep works for students of all levels of advancement and is adaptable to individualized schedules, timelines, strengths, and weaknesses. Users can advance at their own pace.

Scholarship applications and donation forms to sponsor students are also available on Central Council's website at www.ccthita.org/services/overview/forms.
